

1. Improvement Over Time

Have Kansas' 4th graders improved in reading achievement?

In 1998, 34% of Kansas' public school 4th graders met the Goals Panel's performance standard in reading. This was the first year that Kansas participated in the NAEP reading assessment. Improvement over time will be reported when reading is assessed again in 2002.

The Goals Panel has set its performance standard at the two highest levels of achievement — Proficient or Advanced — on the National Assessment of Educational Progress, or NAEP.
